PLEASE READ

The Editorial Committee would like to extend its sincere gratitude to Marty Smith and Carol Knapp for their outstanding dedication and many contributions as Bulletin Contributing Editors. Over the years, their commitment and hard work have greatly benefited our publication and the entire community. As they both step down from their roles, we wish them the very best in their future endeavors and thank them for the positive impact they have made.

We are pleased to share that Marty and Carol have generously offered to support and mentor new Contributing Editors. If anyone is interested in learning more about what it means to be a Contributing Editor, or would like guidance as they begin, please feel free to reach out. Their experience and willingness to help will be invaluable to those stepping into these roles.

Thank you again, Marty and Carol, for everything you have done.

President's Message

Michigan's fall colors did not disappoint! The weather has turned quite cold lately, and we had our first snow in early November. It was not much and left as quickly as it came but that first snow is always pretty.

With the annual election season here, I thought I would review the Bylaws on that subject. I know there may be some misunderstandings on how it all works. The following section of the bylaws pertains to qualifications, how many directors, officers, and terms of office. I have the Bylaws quoted in italics. I will make my comments, shown in parentheses, on certain areas of the bylaws.

5. DIRECTORS

B. NUMBER AND QUALIFICATION OF DIRECTORS

(1) The authorized number of directors shall be nine (9), comprised of the four (4) officers: President, VicePresident, Secretary and Treasurer; and five (5) at-large directors. (The board as a whole are considered directors.)

(2) Restriction on Interested Persons as Directors: No more than 49 percent of the persons serving on the Board may be interested persons. An interested person is (a) any person compensated by the corporation for services rendered to it within the previous 12 months, whether as a full-time or part-time employee, independent contractor, or otherwise, excluding any reasonable compensation paid to a director as director; and (b) any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of such person. However, any violation of the provisions of this paragraph shall not affect the validity or enforceability of any transaction entered into by the corporation.

C. QUALIFICATIONS, ELECTION AND TERM OF OFFICE, NOMINATION

(1) Qualifications: All directors shall (a) be residents of the United States; (b) have been members in good standing for two (2) consecutive years immediately prior to nomination; and no more than one member of the same family living in the same household shall serve simultaneously on the Board.

(2) Election: All directors shall be elected in accordance with the provisions of Section 7 of these bylaws for nomination and election. (I have included a small portion of Section 7 that is printed in the January/February Bulletin.)

(3) Term of office: Directors shall be elected for a one (1) year term and shall serve until their successors are installed and may not serve more than three (3) consecutive terms in any one elected position. Upon completion of three (3) consecutive terms in one

position, a minimum period of one (1) year must elapse prior to that member standing for reelection to the previously held position. This shall not preclude an officer from being elected to a completely different position following completion of three (3) consecutive terms in one office. (Every position is only a one year term. So, each year once the Nominating Committee has been announced and have called for resumes, each eligible sitting director must submit a resume to the Nominating Committee if they wish to be considered for that position. This also means any member at large can submit a resume to the Nominating Committee for any position.)

7. ELECTIONS

B. NOMINATIONS

"Members interested in being considered for nomination to an officer or Board position may submit to the Nominating Committee a resume of their experience with the breed, previous service to the Club and any other pertinent information regarding their qualifications. Submitted information becomes the property of the Club and may be subject to verification. Interested parties should consider that all positions may not be open for new parties each year as officers and directors generally serve in their positions for three years. Additionally, geographic representation is a consideration when selecting nominees, as required by the ACC Bylaws. Resumes should be submitted to the Nominating Committee by April 1st. (While it states that all positions may not be open for new parties each year, the Nominating Committee will review all resumes submitted.)"

If you do not submit a resume to the Nominating Committee by the deadline or decide after you see the slate that you want to run for a position, the Bylaws covers that as well. You can find that information under section 7. ELECTIONS, B. NOMINATIONS, (2). You can find everything you need to know about elections in the Bylaws in this section. I hope this helps, and if you have any questions, please feel free to reach out to me.

Regards,

Tina

Summary: Exercise-Induced Collapse (EIC) in Chesapeake Bay Retrievers

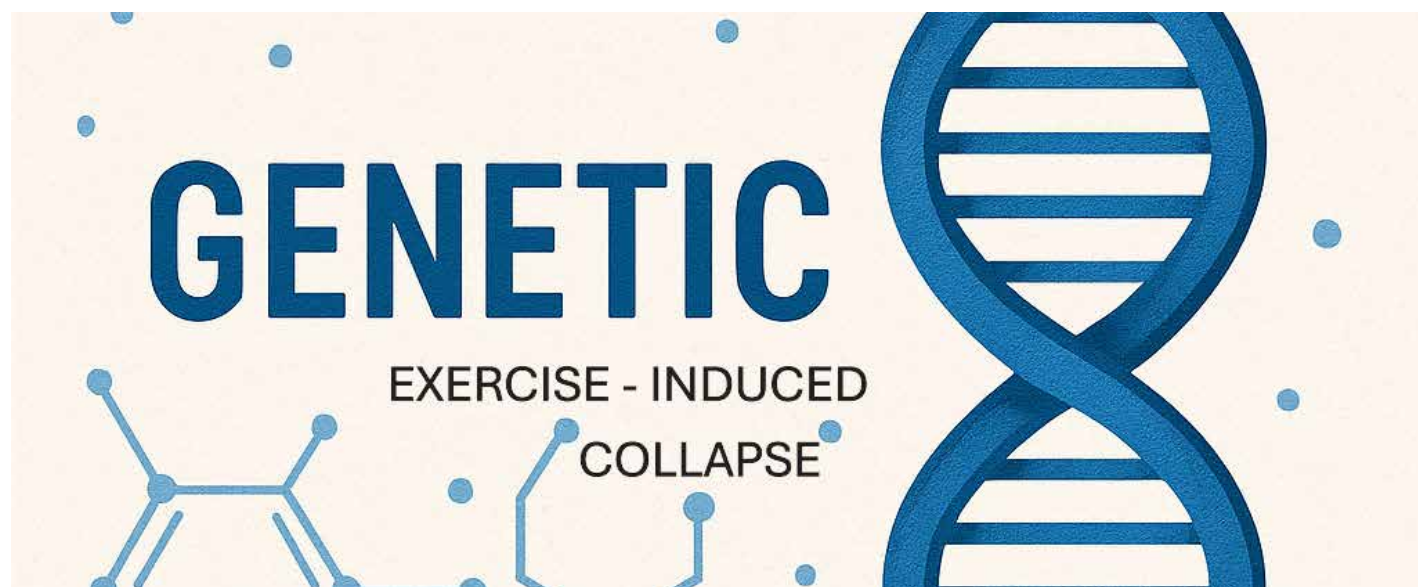

Kimberly Hitt, DVM and Moira Frank, PhD are writing this series of articles as members of the Health Committee to help educate our membership on genetics in a breeding program

Exercise-Induced Collapse (EIC) is an inherited neuromuscular disorder seen in Chesapeake Bay Retrievers and several other breeds. Affected dogs appear normal at rest and during low to moderate activity but may develop signs of collapse—usually starting with hindlimb weakness and incoordination—after 5–20 minutes of intense exercise. Episodes typically resolve within 15–30 minutes, and affected dogs remain mentally alert and are not in pain during collapse. In severe cases, signs can progress to full body flaccid paralysis, seizures, or even death, though this is rare.

EIC is caused by a mutation in the **DNM1 gene** and is inherited in an **autosomal recessive** manner. This means dogs must inherit two copies of the mutated gene to be affected. **Carriers (with one copy) show no symptoms but can pass the gene on to offspring—therefore, two carriers should not be bred together.**

The condition shows **variable expressivity**, meaning not all dogs with two copies of the mutated gene will collapse under the same circumstances. Signs typically appear between 5 months and 3 years of age. A carrier frequency of over 10% has been reported in Chesapeake Bay Retrievers, making genetic testing an important tool for responsible breeding decisions.

While EIC is only one possible cause of collapse, it is a significant and preventable condition in affected breeds. Avoiding intense exercise can reduce episodes, and supplements like L-carnitine and coenzyme Q10 may offer some benefit.

Sire: GCH Mountainsides Shining Star of Baja, CGC FD

Dam: CH Eastern Water's Millinocket

Owners: Rob Boyd, Cindy Meyer, Amanda and Tammy McAllister

Breeders: Darren Sausser & Elizabeth Humer.

Burt has been an amazing show dog. He has been handled throughout the year by Heather Bremmer, Kevin Bednar, Courtney Hartman and owner Amanda McAllister. He won Best of Breed on September 6, 2025 at the Genesee County KC show in MI. He also was Best in Specialty Show at the Michigan Chesapeake Bay Retriever Club's specialty show on the same day. Thanks to judges Christine Calcinari and Angie Cox. Burt is still young and we are looking forward to seeing what he does in the future.

Canadian Best in Specialty Show (CKC-BISS)

Burt was back in Canada to show at the Ontario Chesapeake Club's Specialty on August 30, 2025. He also showed at a number of shows over a couple of days that weekend where he did really well. At that show, he was Best in Specialty Show. He was shown by owner, Amanda McAllister as well as Abbey Mahn. He has been off to a great start.

Aria got her breed championship in style. All points earned in the Bred By class. At the Albany Kennel Club in Springfield, MA, under esteemed judge Sandra Lex, Aria won her bred-by class and went on the get Winners bitch. This gave her a 3-point major which then turned in to a 5-point major when she went Best of Opposites over 3 bitch specials. This was the exact amount that Aria needed for her championship, so I asked my fellow exhibitors if they wanted me to move her up the next day (breaking the major) or staying in the classes - they wanted me to stay. Next day, same location, but Troy Kennel Club, under provisional judge Sioux Forsyth-Green. Aria won her class and then got Winners Bitch for a 3-pt major. She then received Best of Breed over 3 bitch specials making it 5-points. What a weekend!

New AKC Champion / Master Hunter (CH & MH)

Call Name: Trek

Registered Name: CH Next Generations There and Back Again, MH

Sire: MBIS MNBIS MBIS GCHP Next Generations Accelerate

Dam: BIS NBISS GCHG Next Generations This is My Land

Owners: Marty Smith, Adam Levy, Devon Kipp Levy, Diane Baker, and Gregory Terranova.

Breeders: Adam Levy, Devon Kipp Levy, JoAnn Colvin, and Diane Baker.

After showing only a handful of times in 2024 and picking up 3 majors along the way (BOW at Supported Entries and RWD at the 2024 NSS), Trek took 2025 off from the show ring to train and focus on his SH and MH titles.

Trek earned his final SH leg on June 27, 2025 at Island Lake Retriever Club of North Dakota's test under judges Adam Haut & Chris Davies. And at just 21 months old, went 5 for 6 earning his final MH leg at Magnolia Retriever Club's test on August 19, 2025 under judges David Didier Jr and Elbert Traylor. Trek was trained and handled to his hunt test titles exclusively by his co-owner Gregory Terranova of Next Generation.

After not being in a show ring for over 10 months, Trek showed his versatility by easily transitioning back to showing and handled by his co-owners/ breeders Adam Levy and Devon Kipp Levy went RWD at the 2025 ACC NSS in Ocala Florida, earning major number 4 and final points to earn his AKC Championship title - CH/MH under the age of 2!

Trek is a young, multi-talented dog and we are excited for his future.

As Hunt test season comes to a close for
2025 I finally have time to reflect on all
this young girl has accomplished this year.
Maggie is a JOY to show, run and train.

She is so willing to please and smarter
than most. We started in the spring
obtaining her UKC Championship 3-29-
25. Completing that goal early in the year
we focused on hunt tests. She LOVES
that game the best. Completing her HRC
Started Hunting Retriever title 5-11-25
and her Senior Hunter title 7-18-25 at our
home club Michigan Flyways RC. Just
because I love running Rally we played
some weekends at that game too and she
finished her Rally Novice in Kalamazoo MI
5-22-25.

Look for this beautiful, talented girl in the
show, rally and obedience rings and of
course her fave at the Hunt test.

New HRC Hunting Retriever

Call Name: Drexel
Registered Name: HR CH Pond Hollow
Thanks I'll Have Another SH BCAT

Drexel earned his HRC Hunting Retriever title at the Ohio HRC September 6/7. Drex remains perfect in his young hunt test career, never failing an AKC or HRC hunt test. He got his HR in an unconventional way. I was Judging Started on Saturday 9-6. After setup, at the tailgate bon fire the night before it was decided that I would enter Drexel in Seasoned the following morning (HRC allows same day hunt test entry) and my good friend Randy McComas would stand in and take a shot at running Drexel. After a round three-handed casting and a couple of hand-thrown marks under the stars by the campfire light we all decided it was a go. Sure enough, Drexel performed flawlessly and passed without a hitch. Later that day at Hunt Test Head Quarters I ran into Randy and asked how it went, to which he replied, "Alright." Upon hearing that one of the Seasoned Judges jumped up, judges book in hand, and said "He was great!" and proceeded to show me his scoresheet and gave a running play by play of how Drexel pinned all of his marks, was the only dog in field to line the water blind, and then one whistled the land blind - all with great style. Another PR win for Chessies everywhere. The next day, Sunday 9-7, it was back to business as usual. I traded the Judge's chair for a handler's jacket and allowed Drexel to run me to his title. As always, Drexel is hunted, trained, and campaigned by Tom and Jennifer Martin in Michigan at Huron Sands Retrievers

New HRC Seasoned Title

Call Name: Jack
Registered Name: HR GemiLamb
Jack of Frosty Hearts JH

Owner: Nancy Blanks
Jack is not a field trial contender, not a Master Hunter (yet :), but a Chesapeake that a lot of us lovers of Chessies have-- we have a great dog and are just doing our best at training a dog up the hunt test ladder. So my Jack just got his HRC Seasoned title and what an accomplishment it was for him. Again, Jack's not this field trialer type dog-- just a handsome, happy go lucky Chessie that loves to hunt. Hunt tests, drills, etc not really his thing. But kudos to Dan Ihrke, Head Trainer of Gun Dog Success in central Illinois-- Jack just got his HRC Seasoned Hunt title-- which encompasses all the foundations of blind retrieves, double marks, walk up, etc which are at the core for a Seasoned title. I am so proud of Jack. But more importantly, I asked trainer Dan Ihrke to train this Chesapeake when Jack was just 6 months old-- I said, "Dan, Jack is all yours. I trust you with him. I will visit every other weekend but I don't know how to train a Chessie". Dan took "my ask" and he carefully, diligently and with love trained my Jackie. There is a special way to train a Chessie or so I am told, but if you listen to a trainer like Dan Ihrke, he'll tell you that all dogs are individuals, regardless of breed-- you have to figure out what makes them tick. All I can tell you is that Dan gets the best out of Jack. It's like camp at his training center. Dan is not interested in nailing a dog with an e-collar when it doesn't obey or he's not interested in making a dog learn at some pace other than the dog's pace. Rather Dan wants a

dog to have a solid foundation so the wheels don't fall off down the road. Wow! How lucky did Jack and I get with this program. So the next step now for Team Jack and I is for him to get his AKC SH title and have fun going beyond working towards his Master Hunter title. Jack and I may never get that coveted MH title but it will be sure fun trying... and at the end of the day that's what this hunt test stuff is all about-- Have fun with our Chessies!

NAHRA Started Hunting Retriever

Call Name: Pebble
Registered Name: SR Huron Sands
Lanslidin to TopWater,

Owner: Ann Law
Pebble achieved her NAHRA started hunting retriever title on Sept 14th, followed with a Judges Award of Merit at the Navesink River Hunting Retriever Club gun dog test. Pebble is owned and handled by Ann Law. Pebble went to be trained by Chris Adams this past summer, and she is handled by me. I realized I could not give her the training she needed. NAHRA is a very challenging venue, combining elements of both AKC and HRC hunt tests, and added elements that are not usually present in either of those venues. All dogs, started dogs included, run "naked" no collar. While the started dogs are not required to be steady, you have no collar to hold them. You may use a lead or your arm. There are 4 levels in NAHRA with the last 2 incorporating an upland portion. In our gun dog test, Pebble was the youngest to participate, with only 1 point separating her from placing. If her mama had thought to introduce her to a pheasant more than 2 minutes before she was supposed to quarter for them, she might have done better.

The ACC Hunt Test Committee congratulates all Chesapeake Bay Retrievers earning hunt test passes!

First the Highlights!!! And there are lots of them!!!

AFC Grand Oaks Toes In The Sand MH QA2 earns her AFC while on her road trip back to Maine. She got an Amateur 1st at the Shoreline RC on the first weekend, an Amateur 1st at the ACC FT Specialty during the week and then an Open 1st at Maine RC the following weekend. This qualifies Sandy for the 2026 National Amateur RC Championship trial and she is the big half of the way towards her FC. Congratulations to Sandy, Tom and Dawn Lind!!!

FC Chugach's JJ's Topsail Tikishla ran the 2025 National Open RC Championship trial in November and completed five series. Yea Kish and Mike Vogel!

Grand Oaks Uncommon Valor earned 18 Derby points between the first of May and the first week in October qualifying her for the Nation Derby list. That includes a Derby 1st at the ACC FT Specialty. Way to go Valor and Tom Lind.

In October, three Chesapeakes qualified for the 2025 National Derby Championship held in Missouri in October.

- Crackshot's Boone and Crockett (Crockett) completed the 6th series. He is owned by Julie & Mike Cole and was handled by Julie Cole.
- Westwind's Changes In Latitudes, Changes N Attitud (Jim) was dropped after the 5th series. He is owned and was handled by David Hailey.
- Grand Oaks Uncommon Valor (Valor) completed the 5th series. She is owned and was handled by Tom Lind.

Congratulations to all these young dogs and their owners.

And a big bunch of New Qualified All Age Dogs!!!

From the ACC Field Trial Specialty:

- Fat Bottom's Street Beat (Cadence) earned an Open 3rd. She is owned by Keri Girard and Erik Borg and was handled by Erik Borg.
- Rankin Brook Colonial Ice N Fire MH (Hunter) earned an Open 4th. He is owned by Michael & Johanna Coutu and was handled by Michael Coutu.
- CH Chesamos Running With The Stars (Ursa) earned an Qualifying 1st. She is owned by Lisa Buck and Susan Aygarn and was handled by Susan Aygarn.
- Hope Springs Maryland Jewel MH (Julie) earned a Qualifying 2nd. She is owned and was handled by Joe Nolan.

And from the All Breed September/October trials:

- Valhallas Kid Kodachrome (Koda) earned a Qualifying 2nd at the Nebraska Dog and Hunt Club trial. She is owned and was handled by Shawn Ward

I will be starting to work on the 2025 Field Trial Summary soon. Please let me know if I have missed reporting any of your dogs' FT ribbons. Also, when Entry Express first started, they limited your dog's name to only include FT, HT titles. Then they slowly added Conformation and Obedience titles. Now, they allow ALL titles -- GCG, Trick Dog etc. Please make sure you update your titles on your dog. You earned them and they should be included in Entry Express.

Finally, I would like everyone to know that I will be stepping down as Field Trail Editor at the end of the year. I have done this for 21 years (since Tom Cox retired) and it is time for me to do so too. I will be reporting both the final November/December results and the 2025 Field Trial Summary. I will be sending a job description to the ACC board and will gladly pass along the templates I use to the new editor. I have enjoyed reporting all of our Chessies FT ribbons and following the progress of these dogs from the Derby to the Major Stakes. And along the way, I have accumulated a large group of friends throughout the country. It has been a pleasure to follow everyone's adventures and our beloved dog's successes.

NATIONAL DERBY LIST

Grand Oaks Uncommon Valor (VALOR) 11/23/2023

(Rocky Hooks JJS Play It Again CD MH QA2 X Church Creek Abigail Von Duckslayer CDX MH QA2)

When we first heard that Frank and Linda Pitelli were breeding Sam and Abby, we knew that was a litter of interest to us. Both parents are excellent marking dogs and solid competitors in the field trial, hunt test and Super Retriever Series worlds. Both sides of the pedigree have impressive females and males. We really like that our Magnum is the great grandfather on both sides. Our Scout is grandfather on one side and litter mate, Bud the grandfather on the other side. Add to that a near perfect Derby birthday and we were sold.

Dawn had a lot of fun doing Valor's early puppy training as she was very smart and a quick learner. Her first year in the house was not as much fun as we could not take your eyes off her for a second. She was always doing something she wasn't supposed to be doing. Lots of puppy training helped!!!

We were very much looking forward to running derbies with her as she was an excellent marking dog from the very beginning.

This spring she took 3rd place in each of her first 2 derbies. Having now qualified to run in the 2025 National Derby, we set our sights on getting her on the National Derby List which would be a first for Grand Oaks Chesapeake. In September, when we departed for the East Coast Specialty trip, Valor had 9 derby points, just 1 point short of the 10 points needed to make the list. After winning the Specialty Derby, she took 3rd place in both of her last two derbies, giving her a total of 18 derby points. She also took 4th place in a very competitive Qualifying stake at the Specialty.

Our trip to the National Derby in Missouri did not go as well as we had hoped. Valor wasn't her normal, confident self on the line and didn't make the cut after the fifth series. We were still very proud of her for getting there and representing the breed against the best derby dogs in the country.

Now that her Derby career is over we look forward to see what the future holds for our very talented girl.

NEW AMATEUR FIELD CHAMPION (AFC)

AFC Grand Oaks Toes In The Sand MH QA2 (SANDY)
(Grand Oaks Ain't Just Blowin Smoke MH X Oakponds
Turbocharger MH)

Sandy was bred, is owned, trained and handled by Tom and Dawn Lind. She has and continues to live with our daughter's family when we are not training and competing with her. She is truly a magnificent dog in every way. A great family dog as well as a great hunting dog both waterfowl and upland game. Sandy loved to train so much and was so talented that once she achieved her Master Hunter title we knew we had to keep going with her. She won the Qualifying stake at the Specialty in Texas in 2019 to get her QAA and then later obtained her QA2 designation. She placed in several National Specialty All Age stakes but All Breed all age stakes. It was not always her fault as I had a lot to learn about running with the big dogs and made my share of handler mistakes. This summer we started working better as a team and jammed a couple all breed amateur trials.

It all came together for us when we traveled to the East Coast to run the National Specialty Field Trial. Sandy made that trip one we will never forget. On the way to Maine for the Specialty, we stopped in Connecticut to run the Shoreline Retriever Club Field Trial. Sandy was entered in the Amateur. We were so excited on Sunday afternoon when they announced the placements and we found out Sandy had just won the Amateur. It definitely made the 4 hour trip to Maine an enjoyable ride.

Little did we know that Sandy was just starting to get warmed up. On Thursday, Sandy won the Specialty Amateur Field Trial which qualified her for next year's National Amateur. Now we were really on cloud nine and didn't care if she picked up another bird the rest of the trip. However, we were entered in Maine Retriever Club trial starting the very next day.

On Sunday morning Sandy was the first dog to run the 4th and final series of the Open. We knew she had run a good trial going but didn't find out how good until we were 4 hours into our trip back home to Wisconsin. We were beyond shocked when we found out she had won the Open and was now an Amateur Field Champion (AFC) and is just 2 points shy of her Field Champion title (FC). Definitely a trip to remember!

We are very much looking forward to next summer when we will try and get those two points needed for her Field Champion (FC) title. Until then she will enjoy getting spoiled rotten by our grandsons.

After earning her first Scent Work Detective title (SWD) in 2024 which requires 10 passes, GIA and I entered additional Detective level trials to keep her, and mostly my, skills up. She earned an additional 10 passes bringing her total Detective Qs to 20 on October 10, 2025 at the Metropolitan Baltimore Doberman Pinscher Club's trial under judge Lori Kobayahsi. GIA has an impressive pass rate in Detective, 78% for this 2nd set of 10 Qs. The usual pass rate at Detective trials is less than 30%, some trials have 0 - 10% passes! The Detective title is currently the highest AKC title available for Scent Work, though many in the sport are campaigning the AKC to create a Scent Work Championship title, similar to what Rally, Obed, and Agility offer. If they do and grandfather it, it's likely that GIA would qualify as she also has an overall Master Elite title (40 Master level Qs) any many many placements. We are currently working towards her NACSW Summit title (if we can ever make the draw and get into a trial) and her AKC Obedience GN, CDX and Rally RE titles this winter.

Shipwreck Chessies

by Frank Pittelli, Oct 2025

Most Chessie lovers know the story of Sailor & Canton, the two Newfoundlands rescued from a sinking ship bound for England in 1807, who became the foundation for the Chessie breed. But, I'll wager that very few know about a similar rescue in Virginia that also helped grow the breed.

In 1894, the Bark Clythia, carrying marble from Italy to Baltimore, took a wrong turn and went aground at False Cape, Virginia, so-called because it goes into Back Bay, not the Chesapeake Bay. The gallant men from the Life Saving Station at nearby Wash Woods were dispatched to rescue the crew.

During the rescue operation, Reverend Gregory Claiborne Butts, a circuit minister who traveled extensively in the area and wrote about his endeavors, was duck hunting in a nearby marsh and decided, along with his host, to watch the rescuers in action.

he last man to be retrieved by breeches buoy (a canvas seat used to transfer people by line over water) was a servant who:

brought with him a large market basket, and in the basket a beautiful brown haired ducking dog.

That dog was given to a local named John Williams and according to Rev. Butts:

This splendid animal became the brood dog for scores of ducking dogs throughout that region, and died at last of old age.

Chesapeake Retriever given to John Williams

A mere 121 years after the rescue, in 2015, Albert N. Henley, Jr. wrote a book about the Back Bay, Virginia area in which he discussed the dog that was given to his great-grandfather, John Williams, stating:

This dog was my Grandmother's faithful companion on the island and he would retrieve wounded ducks, she in turn would sell. She never said what his name was? The dog was referred to as a Chesapeake Bay Retriever and was noted for his retrieving waterfowl and sired many offspring in the area.

We may never know exactly how John Williams' Chessie has influenced the breed, but there's a strong likelihood that many of the Chessies bred for hunting in the Virginia coastal region are descended from him.

But, his legacy may be even more widespread because we know that Chessies were used extensively at the Currituck Shooting Club in the same general area, during the same time period.

Members and guides at the Currituck Shooting Club in 1900 with their Chessies

Also, in 1900 a disease swept through the kennels at the legendary Carroll's Island Gun Club, requiring them to acquire breeding stock from other gun clubs that they had previously supplied with Chessies. Currituck was one of those sources of breed stock, so it's possible that one or more of the offspring of John Williams' Chessie were sent to Carroll's Island, which, in turn, provided many of the foundation dogs for various regions of the country in the early 1900s.

So now you know. A wrong turn by a cargo ship carrying marble to Baltimore brought a Chessie to the Back Bay region of Virginia. That dog sired many litters in the area and may be an ancestor of your Chessie.

NOTICE to all ACC members who wish to be included on the Breeder List or who wish to place a classified ad:

BREED HEALTH STATEMENT

The American Chesapeake Club (ACC) Board of Directors and the ACC Health Committee approved the following Health Statement for Chesapeake Bay Retrievers: The ACC Board of Directors strongly recommends that all breeding stock be free of Hip/Elbow Dysplasia, Progressive Retinal Atrophy (PRA) in addition to all hereditary eye diseases, Exercise Induced Collapse (EIC), and Degenerative Myelopathy (DM) -tested Normal or otherwise. The above health statement was proposed by our ACC Health Committee then approved by the ACC Board of Directors on September 11, 2016, (ACC Board Motion 16:39).

BREEDER LIST/CLASSIFIEDS COORDINATOR

Ann Law
6 Grant Street
Riverside, NJ 08075-3723

BREEDERS' LIST GUIDELINES

Requirement that to have any ad placed on the ACC Website all Advertisers (Breeder, Puppy, Older Dogs, Stud Dogs) must be a "Members in Good Standing" for a period of 1 year or more. To take effect starting January 24, 2024. 24:11 (Suellen Appellof, Robyn Haskin) Approved 1/24/2024

Inclusion on the list and removal from the list is by member request to the Breeder List/Classifieds Coordinator. See contact information above to request an ACC Breeder List Application.

CLASSIFIED AD SUBMISSION GUIDELINES -

Guidelines cover all ads for Stud Dogs, Puppies, and Older Dogs.
The absence of OFA/CERF/PRA/DM/EIC information indicates to the buyer that they should inquire about these conditions/clearances. Inclusion on these classified lists does not imply endorsement by the ACC or guarantee health clearances. The ACC accepts ads in good faith. Guarantees or warranties (expressed or implied) are the sole responsibility of the advertiser.

All ads must be submitted by filling out an online form that is available at amchessieclub.org/how-to-submit-an-ad/. Alternatively, a paper copy of the form can be requested from the coordinator. Submit an online form or mail a paper form to the address below.

Stud Dog/Puppy/Older Dog Ads: Bulletin ads are due according to the Bulletin submission deadlines. Bulletin due dates will be strictly adhered to. Any Bulletin ad received after the Bulletin deadline will be published in the following Bulletin. Web ads are not subject to Bulletin deadlines and can be submitted at any time. Any ad can be removed at any time at the request of the member.

Stud Dogs: Included in 6 Bulletin issues and on the website for one year. Stud dog owners will be asked to confirm inclusion on the list annually (in December).

Puppy/Older Dogs: Owner will indicate expiration date for ad.

Note to breeders: Be cautious as to whom you respond to in conjunction with your puppy ads. Some breeders have been receiving emails from pet dealers.

GLOSSARY OF COMMON SYMBOLS / ABBREVIATIONS:

* Dog has placed in the Sporting Group

** Dog has placed in licensed Field Trial derby or qualifying stake.

*** Dog is a qualified all-age field trial dog.

The American Chesapeake Club Charitable Trust is an independent registered 501(c)(3) nonprofit organization supporting Chesapeake Bay Retrievers in the areas of health, education and rescue. All donations to the Trust are tax deductible. Please visit the ACCCT's website to make a donation directly to the Trust.

OUR MISSION

- To foster and promote the public's knowledge and appreciation of dogs in general and the Chesapeake Bay Retriever in particular.
- To further the understanding of the diseases, genetic anomalies and injuries which affect dogs in general and the Chesapeake Bay Retriever in particular.
- To support and promote the study of, and research on, the history, character, breeding, genetic and particular health problems of the Chesapeake Bay Retriever.
- To establish and maintain databases in support of charitable, educational, research and rescue efforts.
- To develop information and make it available to the general public, Chesapeake Bay Retriever breeders, veterinarians and other dog care/training professionals, exhibitors and owners.
- To educate the public, breeders and fanciers on responsible dog ownership, including the spaying and neutering of pets, and to ensure the humane and effective rescue of any Chesapeake Bay Retriever in need.

HEALTH COMMITTEE

ACC RECOMMENDED HEALTH TESTS

For All Breeding Stock

The ACC Board of Directors strongly recommends that all breeding stock be free of Hip/Elbow Dysplasia, Progressive Retinal Atrophy (PRA) in addition to all hereditary eye diseases, Exercise Induced Collapse (EIC), and Degenerative Myelopathy (DM) – tested Normal or otherwise. The above health statement was proposed by our ACC Health Committee then approved by the ACC Board of Directors on September 11, 2016, (ACC Board Motion 16:39).

American Chesapeake Club CODE OF ETHICS

Love and respect of the Chesapeake Bay Retriever is implicit in membership in the American Chesapeake Club. Therefore, all members agree to foster the goals set forth in the Code of Ethics.

RESPONSIBILITIES OF MEMBERS

a. Read and familiarize yourself with the American Chesapeake Club Breed Standard for the Chesapeake Bay Retriever that is approved by the American Kennel Club. Support and abide by the rules of the American Chesapeake Club and the American Kennel Club.

b. Appreciate the unique nature of the Chesapeake Bay Retriever and try to develop the characteristics this dog has inherited through selective breeding (intelligence, desire to mark and retrieve with style, love of water, and keen scenting ability).

c. Assume the responsibility of proper feeding, maintenance, health care, and training at all times.

d. Always conduct yourself in a manner which will reflect credit on yourself and the breed. Refrain from public criticism or malicious degrading of others or their dogs, whether in person, on social media, or otherwise.

e. Never knowingly sell or place a Chesapeake Bay Retriever with unethical persons or those who would not provide proper and humane care to the dog. Refuse to sell any Chesapeake Bay Retriever to any pet shop or to any wholesale dealer in dogs.

f. Should you become aware of the mistreatment, abuse, or need for relocation of any Chesapeake Bay Retriever, make every effort to be of assistance by notifying the breeder of the dog involved, the local authorities, and helping in any other way in which you are able.

RESPONSIBILITIES OF BREEDERS/ BROOD BITCH/STUD DOG

The ACC Board of Directors strongly recommends that all breeding stock be free of Hip/Elbow Dysplasia, Progressive Retinal Atrophy (PRA) in addition to all hereditary eye diseases, Exercise Induced Collapse (EIC), and Degenerative Myelopathy (DM) - tested Normal or otherwise.

a. Do not breed Chesapeake Bay Retrievers that are not registered by the American Kennel Club or by kennel clubs recognized by the American Kennel Club.

b. Strive in each breeding to improve the breed according to the ACC Breed Standard. Conscientiously plan each breeding based on the parents of the appropriate temperament, appearance, and other desirable qualities.

c. Be aware of genetic defects which can be harmful to the breed. When breeding, endeavor to select animals that will reduce the incidence of genetic problems while enhancing the positive attributes and abilities of the breed. Be open with all persons interested in the welfare of the Chesapeake Bay Retriever and discuss possible physical or temperament defects in your own stock.

d. Do not breed any bitch which is not mature (never before the second heat) and in good health. Do not allow puppies to go to their new homes until at least seven weeks of age.

e. Act responsibly toward all puppies produced by your brood bitch or stud dog for the lifetime of the puppies. (Recommend that the breeder encourage the owner to contact the breeder if the owner can no longer keep a dog at any time in the dog's life).

f. Understand that written contracts are strongly recommended for all transactions, such as sales, guarantees, co-ownerships, breeding rights agreements, bitch leases, stud services, etc. Keep accurate records and pedigrees and give new owners registration papers or forward registration papers as soon as possible.

g. Use and promote the use of the American Kennel Club non-breeding registration on pet quality puppies which are sold or placed by you.

American Chesapeake Club CBR DATABASE

As the keepers of the breed and the parent club's mission to providing information regarding the health and history of the breed to our members and the public, the breed database is more than a health database, it combines titling and health test results from all sources. In addition to the OFA results we permit owners to enter results from any testing lab as a free public service. Owners and breeders can submit new dogs, test results, personal notes, and photos of their dogs.

ACC Rescue Wish List

HELP US, HELP THEM!

RESCUE or FOSTER Applications are available from Heidi Henningson, the Rescue Coordinator, or visit the rescue page on the website.

<https://amchessieclub.org/acc-rescue-service/>

Rescue does not need to cost anything for a volunteer. Rescue funds are available and adoption fees are charged for all rescue dogs. Being a Rescue volunteer reaps huge rewards!

ACC Rescue is always in need of:

FOSTER HOMES - Even if you only foster occasionally.

SUPPLIES - Heartworm and Flea & Tick prevention medication, dog food, toys and treats.

KENNEL RUNS - New or used!

TRANSPORTATION - No distance is too short. If you are planning a trip, contact the Rescue Coordinator, Heidi Henningson, to arrange a ride for a rescue dog.
